Round 2 Results – 21 advance to Round 3

Posted 14 September, 2017

Cisco Networking Academy NetRiders Asia Pacific and Japan 2017 CCNA Competition

Below are the NetRiders CCNA Round 2 Rankings. 21 competitors are invited to advance to Round 3 on Thursday, 28 September, 2017.

(Please see rules for how the 21 Round 3 competitors are selected by country.)

Congratulations to all Round 2 competitors. Overall, the scores were very good and fractions of a point separated many of the rankings. As a reminder, our global NetRiders policy is to only share rankings. We do not share scores with competitors or instructors. But, all Round 2 competitors should feel very good about their accomplishment in Round 2.

According to the rules, 21 scores from Round 2 advance to the final Round 3. The breakdown by country is listed in the official Terms and Conditions which all competitors agreed to when they registered for this competition. For more details on all the rules for this competition, as well as the frequently asked questions, please visit the Asia Pacific page on <http://www.AcademyNetRiders.com>.

All Round 3 competitors will be sent an email by someone in their country to arrange their time and location for the 28 September competition date. The top two rankings after Round 3 will win a Study Trip Prize to Cisco Headquarters and the top five will win a CCNA or CCNA Security certification voucher.

Here are the Round 3 competitors. The first 16 are the top score from those each country in alphabetical order by country name. The last 5 are the next 5 top scores regardless of country. Only these 21 competitors are invited to Round 3.
